Final 1803: Department of correction: The Turkish move F Ion-Nap failed, of course, since there is an Italian fleet there. The Austrian fleet is mislisted in 1803, whereas Fall 1802 (BLEFESCU 7) clearly show it in Apu. The Austrian orders, which did not take account of this error, were corrected on the basis of Austria's English Orders, which have now expired and must be replaced. Please note that there are three undislodged units in civil disorder: F Kie, F Nap, and A Rom.

Mmm. That means these Russian moves also failed: A Sil-Ber, A Ber-Kie, A War-Ber. That is very serious. We must therefore delay the game. We have moves from: Austria, England, France, and Russia. All of you may wish to correct your moves on the basis of the revised positions. Final Fall 1803 moves are due Thursday, 23 April 1970.

Note: The abbreviation "Nor" is not acceptable for any province. Orders using "Nor" will be treated as ambiguous and will fail. The use of "Nor" in SO3 moves was a typo error; the relevant Russian move was "A Fin-Nwy".

Charles Turner is requested to submit stand-by Fall 1803 moves for Turkey in this game. His address: Box 418, T.E.D.S., Deerfield IL 60015.

Winter 1805: Turkey's A Ven-Pie failed. The Russian moves were slightly miswritten (but not inaccurate), s/b "A Boh-Miz S by A Ber (A Ber /d/ /a/)". Russia in fact has no removal, since a unit was /a/. Turkey builds F Smy. Current positions: ENGLAND (Keathley): A Nwy, F Nth, A Edi, A Yor, F Lon, A Hol, A Ber, F Kie, F Bal, F War, F Swe. FRANCE (Turner): A Mun, A Ruh, F Rom, F Wes, A Tus, F Lyo, F Tyr, F Tyr. RUSSIA (Haggart): A Lva, A War, A Boh, A Sil, F Fin.

FINLEY (White): A Ser, A Bul, A Tri, F Ion, F Alb, F Nap, F Apu, A Tyr, A Ven. SPRING 1806 moves are due Thursday, 23 April 1970. Charles Turner: see #1969N.
